

2 February 2021

## Product notification: Transfer of sales support from Cook Medical to Endotherapeutics

This letter is to inform you that effective 1 March 2021, Cook Medical is transferring the sales and support of a number of Biodesign® products to Endotherapeutics.

We know how important these products are to you and your patients. We chose Endotherapeutics as our partner because they are committed to maintaining the same high level of customer support and product quality that you have come to appreciate from Cook Medical. Endotherapeutics' mission is to improve healthcare by distributing innovative, patient-centric medical technologies accompanied by expert clinical support. You can find them online at [www.endotherapeutics.com.au](http://www.endotherapeutics.com.au). We are confident that they will continue to provide the excellent service you have come to expect from Cook Medical.

No changes are being made to the manufacturing of Biodesign products. Cook Biotech will continue to manufacture the product and provide clinical and regulatory support. All products will continue to be available through existing channels until 28 February 2021.

Please refer to the attached table for information about the affected products.

As of 1 March 2021, orders for the affected products may be submitted to Endotherapeutics by email at [orders@endotherapeutics.com.au](mailto:orders@endotherapeutics.com.au) or by phone at 1300 003636.

If you have any questions, please contact Simon Lee at +44 (0) 7741312112 or [Biodesign@CookBiotech.com](mailto:Biodesign@CookBiotech.com). You will receive communication from Endotherapeutics with additional information.

Sincerely,

Ash Sturmer  
Global Product Manager
