remOVE FBR Set

for safe foreign body retrieval

- Alligator and rat tooth in one grasping device
- Long and elastic retrieval cap
- Safe removal of sharp and foreign objects
- Strong gripping ability for better foreign body capture

..... **remOVE FBR Set**

The novel remOVE FBR Set is a foreign body retrieval set for safe removal of various foreign body objects. Each set includes a remOVE SecureCap and a remOVE Grasper.

Soft endoscopic cap for safe removal of foreign bodies.

Grasping forceps including alligator and rat tooth to ensure a stronger hold and easy retrieval into the remOVE SecureCap.

Example*: Extraction of a clip fragment by using the remOVE Grasper and the remOVE SecureCap.
